

1. K-LOVE serves me by making me aware of Christian activities and gatherings in the area, and my providing music and talk that is uplifting and motivating to my Christian lifestyle.
2. My local community would be hurt badly if we lose K-LOVE broadcasting, because it provides a moral and encouraging and positive programming that anyone can listen to, without worrying what bad words and thoughts are being placed in their minds and in their children's minds.
3. The service provided by K-LOVE is nurturing my mind and my soul on a daily basis. I know that there are plenty of others in this community that is helped by K-LOVE, because a lot of people have stickers on their cars. I am sure they also feel strongly about the wonderful service that K-LOVE provides to them.
